### Pouilly-Fumé 'Tradition Cullus'

*More than 60 years old vines in perfect conditions, an optimal weather and a close partnership between the winegrower and the copper for the choice of the oaks & toast. Here are the three conditions for a successful cuvée 'Tradition Cullus' only produced in the best vintages.*

*Last bottled vintages are 2005, 2008, 2009, 2012, 2014, 2015, 2018 & 2020.*

- **Grape** : 100% Sauvignon Blanc
- **Vineyard surface** : 1 Ha 50, **aged between 60 and 80 years old** oriented south/south-east
- **Soil** : Kimmeridgean marl (white clay and fossilised shells and oysters)
- **Production** : 4 000 to 8 000 bottles, depending on vintages
- **Work in the vines** :
  - ~ Since 1980 : **abandonment of chemical fertiliser** on all of our vines.
  - ~ Since 2002 : **abandonment of herbicide** on all 21 Hectares of vines.
  - ~ Since 2006 : **abandonment of insecticide** on all 21 Hectares of vines.
  - ~ Mildew control : we use the bare minimum of fungicide, but not only copper, which we think the accumulation in the soils would be harmful for them in the long term.
  - ~ Rainwater collection to fight mildew with demineralised water and thus reduce as much as possible the dose used.

The vines are lightly hoed and regularly **tilled by hand**. Only organic amendments officially agreed for Organic Farming are used at the end of autumn. **Treatments are reduced to bare necessities** in order to protect fauna and soils, which are crucial for an appropriate development of the vegetation.

- **Vinification** : Only the first juice is kept, after a cold settling, the juice starts its alcoholic fermentation in 600 liters (*demi-muid*) oak barrels, which one third is new. Maintained on very fine lees, which are stirred. The racking takes place one year after the harvest and the wine is bottled 18 to 24 months later after a maturation on the very fine lees in a blending stainless tank. Cold tartaric precipitation, sulphite rate in accordance with biodynamic principles :  $\leq 100\text{mg/l}$ , suitable for vegans.
- **Keeping** : up to 10 years ; wait at least the 3<sup>rd</sup>/ 4<sup>th</sup> year before starting to drink
- **Wine-master advice** : served chilled, around 12 °C alone or with fish, poultry, white meat, cheese (Chavignol, goat and sheep's cheese, Comté).

*From our eldest vines, planted on Kimmeridgian marl, the cuvée « Tradition Cullus », in tribute to Michelle's great grandfather, is grown in oak barrels, which one third is new.*

*This extraordinary rich, full and harmonious cuvée is the perfect match with an elaborate, rich or spicy cuisine or even with sweet and salty combinations. **Foie gras with russet apples, duck breast with caramelized pears and honey sauce, orange prawn, scallop with foie gras sauce** will be perfect matches with this cuvée.*
