VIGNERONS PAR PASSION DEPUIS 7 GENERATIONS

Pouilly-Fumé 'Les Angelots'

- **Grape** : 100% Sauvignon Blanc
- **Vineyard surface** : 5 Ha, aged between 18 and 35 years old
- **Soil** : Portlandian limestone
- **Exposition** : South-south east
- **Production** : Between 32 and 36 000 bottles depending on years
- **Work in the vines** :
 - ~ Since 1980 : **abandonment of chemical fertiliser** on all of our vines.
 - ~ Since 2002 : **abandonment of herbicide** on all 21 Hectares of vines.
 - ~ Since 2006 : **abandonment of insecticide** on all 21 Hectares of vines.
 - ~ Mildew control : we use the bare minimum of fungicide, but not only copper, which we think the accumulation in the soils would be harmful for them in the long term.
 - ~ Rainwater collection to fight mildew with demineralised water and thus reduce as much as possible the dose used.

The vines are lightly hoed and regularly **tilled by hand**. Only organic amendments officially agreed for Organic Farming are used at the end of autumn. **Treatments are reduced to bare necessities** in order to protect fauna and soils, which are crucial for an appropriate development of the vegetation.

- **Vinification** : fermentation in stainless steel tanks after cold settling, long conservation on very fine lees, cold tartaric precipitation, no malolactic fermentation, sulphite rate in accordance with biodynamic principles : $\leq 100\text{mg/l}$, suitable for vegans.
- **Keeping** : 4 to 5 years, apogee around the 2nd year.
- **Wine-master's advice** : Served chilled at 12°C. It is ideal alone as an aperitif. It is the perfect match with seafood, all fish (raw, cooked, grilled or smoked) but also with poultry or white meat. It is also great with cheese, particularly goat cheese.

Tasting notes : Quoted from The Times, Nov. 2006, "Les Angelots" 2005 among "100 winter wines", Jane MacQuitty :

"This splendid, smoky, thrilling pouilly-fumé, stacked with lots of gorgeous, ripe, mineraly, limestone and flint soil-derived fumé, or gun-flint flavours, for which the appellation is renowned, is a delight. Masson-Blondelet is one of the top ten or so growers in Pouilly-sur-Loire, and a good pouilly-fumé such as this makes a great winter but with fishy starters, including smoked fish and even oysters for a real festive treat".

Pouilly-Fumé 'Les Angelots'

Vert de Vin, July 2023 :

2023 Vintage 2022 89/100

"The wine has a pale lemon colour with green reflections. The nose offers freshness, acidity, as well as a refined mineral touch. It expresses notes of lemon, lime zest, grapefruit, gooseberry, passion fruit, as well as cut grass & apple blossoms. On the palate, the wine is straight, tangy, with a fragrant attack. It expresses notes of ripe citrus fruits, gooseberries & apple blossoms. There is also a mineral touch of limestone, complemented by a subtle salinity. The finish is moderately persistent & combines a certain roundness with salivating acidity, notes of fresh citrus fruits & a good bitterness."

Le Point "Spécial Vins" Jacques Dupont :

2023 Vintage 2021 90/100

"Pomelo, menthol note, fresh, tasty & complete on the palate."

Wein Plus :

2020 Vintage 2019 88/100

"Tart, somewhat floral and dried vegetal pome fruit scent with a hint of paprika, quite clear mineral notes and still yeasty nuances. Clear, firm, elegantly fruity juice, light ethereal notes, floral and herbaceous notes, elegant acidity, has a grip, smoky mineral notes, good persistence, fairly creamy, chalky nuances, a hint of red berries, very good, again quite firm finish."

Bettane + Desseauve Guide :

« Les Angelots is a great success. »
